Form # 2 – Detailed Project Description

Project Title:	2021 Pickaway County Park District & Ashville Park Track Resurfacing Improvement Project
Address/Location (s) of Proposed Project: (Please also attach map of proposed area with labels)	165 Walnut Street, Ashville, Ohio 43103 Exhibit A Map.
Describe IN DETAIL Proposed Project (please explain your project fully, with specific details explaining why your project should be considered): * If you need more space please attach pages	The Village of Ashville is proposing to resurface a quarter mile (0.402336km) track in its park. The objective is to link this track to other existing or planned trails/paths/sidewalks, see Exhibit A. The ¼ mile track in the 1921 Ashville Community Park is well used by residents. The condition has significantly deteriorated since it was paved in the 1980's, see Exhibit E page 3. It needs to be refurbished to safely maintain and expand its use. The need and use of this track have grown with the Village. The 40-year average growth for the village is 25.63%. There are two categories of groups that use the Park. First, several Special Events occur in the park and as part of those events they make use of the track, see Exhibit D. The other category is individuals that use the track every day, every weekend, and/or periodically for walking, jogging, running, or biking. This has been particularly useful during Covid19. The Ashville Elementary School is just to the south and Teays Valley High School to the north of the park, see Exhibit A.
